

3061 TRIPOD

The ideal choice for professional videographers. Can support cameras up to 66lbs. The leg spread is fully adjustable but also incorporates a single position, 30° angle leg lock which provides the best of both worlds. The built-in 3¹/₂" claw ball levels your camera quickly, even under the most uneven conditions. Built-in chain brace is standard. Suggested matching Dollies: 3067.

3190 TRIPOD

Tandem aluminum legs combine with a 4" claw-ball leveller to make this a popular video tripod. Features include high tensile tubular aluminum legs with variable angle adjustment within a 180° arc, quick-flip lever leg-locks, stainless steel fittings with high quality castings and optional mid-level spreader **3189**. Twin spiked feet are standard.

BLACK ANODIZED TRIPOD 3193
Suggested matching Dollies: 3198-3156.

3191 TRIPOD

Identical to **3190** but with retractable steel spike feet.

BLACK ANODIZED TRIPOD 3192

Suggested matching Dollies: 3067-3156.

Twin metal spike feet fitted to **3190, 3185** and **3181** and retractable steel spike feet on model **3191** and **3068**.
